

TECHNICAL REQUIREMENTS FOR PRINTING CITYBOARD SHOWCASE POSTERS

Poster size required: **3820x2800 mm**

Poster visible area: **3700x2680 mm**

Poster information field: **3660x2620 mm**

The information field shall have a space (margin) from the edge of the poster as follows: **Bottom: 90 mm, top: 90 mm, right: 80 mm, and left: 80 mm.**

Any important text or graphic information shall be placed strictly within the perimeter of the information field (3,660x2,620 mm).

Material: Laminated paper, with a density of 165–167 g/sq. m, a thickness of 0.155 mm, and a color index of 4/0.

Back-up stock of posters in case of vandalism, *etc.*: 10%.

We ourselves print and process posters to be posted on our structures.

Please provide the layout and the link to the production file.
